

Who We Are...

Lutheran Planned Giving Services (LPGS) is a serving arm of the Nebraska Synod, ELCA. We at LPGS have the privilege of serving our Nebraska Synod Lutherans as they plan for loved ones and for the ministries they care so deeply about.

The Nebraska Synod related agencies and institutions that are the members of LPGS are pleased to provide this quality, confidential service as a gift.

Through these current and future gifts: persons with developmental disabilities will achieve their goals; childless couples will expand their families through adoption; children will find safe, supportive places to live; seniors will find loving, caring environments for their retirement years; youth will experience the blessings of a Christian summer camp; shut-ins will have hot, nutritious meals; college students will receive quality educations and spiritual support; and Seminary students will be well trained yet have less debt!

Lutheran Planned Giving Services represents 14 ministries and has over 1000 Willing Witnesses, people who have included one or more ministries of our church in their estate plan. Additionally we have over 300 members of our Honor Roll, those saints who have passed to life immemorial having included ministry in their estate plans.
